8. Smokey Bear District Ranger Update

David Warnack, Ranger informed the Lincoln National Forest lifted Stage I Fire Restrictions on July 9, 2014 as a result of recent moisture. Ranger Warnack expressed appreciation for the interagency response to several small wildfires in the area. Ranger Warnack discussed plans to begin prescribed burns and informed the Ranger District would begin when the County lifted their burn ban.

Ranger Warnack provided a copy of the Standard Operating Procedures of the Lincoln National Forest for response to flooding and other All Hazard events. Ranger Warnack noted these procedures outlined the scope of capabilities as well as limitations of US Forest Service first responders.

Commissioner Doth discussed the importance of keeping the public aware of the dangers of flash flooding associated with recent rainfall.

Ranger Warnack issued an invitation to the Commissioners, County Staff and the general public to attend the Grand Opening of the newly renovated Smokey Bear Ranger District Visitors Center on August 9, 2014 in Ruidoso. Ranger Warnack stated the Ranger District would also

95 celebrate Smokey Bear's 70th Birthday and the 50th anniversary of the Wilderness Act during the
96 ceremony.

97 **9. Lincoln County Detention Center Update**

98 Nita Taylor, Manager provided statistics on monthly bookings and releases at the Lincoln
99 County Detention Center on behalf of Warden Anderson. The Detention Center reported a
100 current total average daily population of 136 and a current population of 138 prisoners
101 including 9 BIA prisoners and 0 US Marshal prisoners. The current population was composed
102 of 30 female and 108 male prisoners.
103

104 **10. Research and Development Update on the Land Development Ordinance**
105

106 Ms. Taylor reminded there was a general consensus at the March 18, 2014 meeting requesting
107 the Planning Commission consider and develop recommendations for a Land Use Ordinance.
108

109 Tom Mann, Chair of the Planning Commission presented a list of nine recommendations for an
110 ordinance governing the development of vacant tracts of land and lots within the County. Mr.
111 Mann discussed the associated costs of enactment of a Land Development Ordinance including
112 the need for permitting and enforcement staff. Mr. Mann requested the Board of
113 Commissioners consider whether or not the County would financially support the enforcement
114 portion of the proposed Ordinance before the Planning Commission proceeded. Mr. Mann
115 noted the proposed Ordinance would not necessitate the hiring of inspectors as those services
116 could continue as currently established

117 Mr. Mann commented on the current most common form of development as being approved
118 through State exemptions. Mr. Mann discussed language regarding the "disturbance of land" to
119 trigger enforcement of the proposed Ordinance. Mr. Mann also discussed the proposed
120 limitations on water well pumping. Mr. Mann stated Attorney Morel had advised the proposed
121 restrictions on water well use would require both a "critical management area" designation by
122 the State Engineer" and well metering. Mr. Mann discussed additional requirements for
123 developers to use National "Firewise" guidelines to govern vegetation on lots or tracts and a
124 requirement for access to a public roadway.

125 Commissioner Minter expressed support for a Land Development Ordinance and commented
126 permit fees might offset costs of increased staffing and enforcement. Commissioner Stone
127 expressed concern about preserving private property rights. Commissioner Stone objected to
128 the proposal to meter wells as setting a precedence which might affect agricultural water use.
129 Commissioner Stone also expressed concern about property owners having the necessary
130 technical expertise to evaluate erosion control and "Firewise" guidelines".

131 Karyl Williams, member of the Planning Commission expressed concern about the proposed
132 disturbance of 1000 square feet as a "trigger". Ms. Williams stated belief permitting
133 requirements might be detrimental to private property rights and would require associated staff
134 time for issuance and enforcement.

135 Chair Powell stated metering as a "one size fits all" action was detrimental to agricultural
136 purposes. Chair Powell favored the limitation of water well pumping to .25 acre feet per annum
137 for residential development of the 10,000 undeveloped tracts and lots. Chair Powell requested

138 additional public input be sought prior to the Board of Commissioners directing the Planning
139 Commission to proceed.

140 Mr. Mann expressed belief there was common agreement on many elements. Mr. Mann
141 suggested as an example, the revision of the "trigger" point criteria was something easily
142 accomplished.

143 Attorney Morel reminded a prior proposal for Code Enforcement was not adopted by the County
144 Commission. Attorney Morel opined if the State Engineer declared Lincoln County as a "critical
145 management area" the County could require metering. Attorney Morel discussed the various
146 potential costs associated with monitoring and compliance.

147 Commissioner Doth suggested the first consideration for development was the presence of
148 water rather than the disturbance of soil. Commissioner Doth requested additional information
149 about determining a "critical management area" and expressed belief the water issue was the
150 principal concern. Chair Powell stated she would be meeting with the State Engineer and
151 would research the question.

152 Craig Westbrook, resident of Capitan suggested the trigger might be conditioned upon a
153 particular time frame and have exclusions for certain "disturbances". Mr. Westbrook expressed
154 concern about the ability of users to read meters and the need for clarification of "Firewise
155 guidelines".

156 There was a general consensus to reconsider the proposed Land Development Ordinance at
157 the September Regular Meeting.

158 **13. 9:30 A.M.: PUBLIC COMMENT AND OTHER BUSINESS FROM COUNTY**
159 **OFFICIALS**

160 Commissioner Draper provided an update from the Southern New Mexico Economic
161 Development District meeting and informed a bylaw change to eliminate term limits of appointed
162 members was adopted. Commissioner Draper stated the NM Economic Development
163 Department had initiated a new program titled "Fund It" supporting rural economic development
164 and providing a centralized hub to assist with audit questions.

165 Commissioner Minter reported on the NMAC Worker's Compensation members meeting and
166 informed based on the last ten years of County worker's compensation claims, there would be a
167 6% increase in premiums for the County. Commissioner Minter stated there was also good
168 news for the County with a decline in claims for the last two years. Commissioner Minter stated
169 Lincoln County received a rebate check of over \$4,000 for participating in the Risk Awareness
170 Program.

171 Commissioner Minter also attend the Southeast Regional Transportation Planning Organization
172 along with Carl Palmer, Road Superintendent. Commissioner Minter discussed the
173 organization's research to assist with long range transportation planning and noted tourism
174 accounted for only 10% of the State's GDP. Commissioner Minter stated the oil and gas
175 counties which generate the most revenue also have the greatest need for road improvements
176 due to heavy truck traffic. Commissioner Minter stated the only project specific to the County
177 was a grant to Ruidoso Downs of \$128,000 for their transit system.

178 Rhonda Burrows, County Clerk reported on the NMAC Board of Directors meeting at the
179 Summer Conference. Ms. Burrows stated topics discussed were similar to those of this
180 Commission including the need for comments on the federal US Waterways proposal. Ms.
181 Burrows informed the new officers for NMAC were Paul Garcia (Mora County), President;
182 Sharon Stover (Los Alamos County), President Elect; and Clyde Ward (San Juan County), Vice
183 President.

184 Glenna Robbins, Treasurer introduced Cassie Sponagel as the newly employed Deputy
185 Treasurer. Ms. Robbins also informed Sherri Huddleston received her Treasurer's Certification
186 two years ago and her Certified Public Official designation from the NM Edge program in June
187 of this year.

188 Paul Baca, Assessor informed Rodney Zamora, Mapper Technician in the Assessor's office
189 downloaded and printed a map of the Rio Hondo Watershed for the Commissioners. Mr. Baca
190 also commented on a recent ruling by the NM Supreme Court which upheld the statutory
191 language also referred to as "tax lightening" requiring properties to be reassessed at market
192 value following a sale. Commissioner Doth questioned if there was opportunity to educate
193 realtors and the public about the property tax increases associated with a sale. Mr. Baca
194 stated realtors and others can submit a request to the Assessor's office for an estimate of
195 property taxes based on the listing price.

196 **12. 9:00 A.M.: Consideration and Action on Lodger's Tax Applications:**

236

237 Fran Alteri, President of Carrizozo Chamber of Commerce discussed the request for \$10,000 for
238 the True Enchantment Tourism Board. Ms. Alteri stated the group applied to the State of NM for
239 a Tourism grant and requested guidance as to when the Commissioners might consider the
240 request. Ms. Alteri stated the group currently had over \$47,000 in commitments from other
241 businesses and entities. Ms. Alteri stated the group requested the \$10,000 as a match for
242 State funding

243 Commissioner Minter suggested the request be funded as recommended by the Lodger's Tax
244 Committee. Chair Powell recommended the request be reconsidered after additional Lodgers
245 Tax revenues were received.

246 **11. Water issues/Forest/Wildlife Health Programs/Land and Natural Resources**
247 **Advisory Committee (LANRAC)**

248 **4. Lincoln County and Its Long Term Commitment to Forest/Watershed Projects**
249 **Presentation – Dr. Brent Racher**
250

251 Brent Racher, PhD, representing the New Mexico Forest Industries and as a Fire
252 Ecologist, commented on the far reaching effects of wildfire and poorly functioning
253 watersheds. Dr. Racher discussed the development of Water Funds now being formed
254 in New Mexico to secure clean water for future generations.
255

256 Dr. Racher encouraged Lincoln County to make a long term financial commitment to
257 achieve forest and watershed restoration at an accelerated pace and scale. Dr. Racher
258 stated a commitment for greater than ten years was necessary to leverage local, state
259 and federal funding for wildfire and water source protection treatments. Dr. Racher
260 discussed the lack of private investment in utilizing forests products due to a lack of long
261 term supply. Dr. Racher stated the advantages of such a long term commitment
262 included creating economic opportunity by creating an ongoing reliable source supply for
263 private industry. Dr. Racher estimated a cost to the County of \$600,000 – \$800,000 per
264 year for ten years to achieve significant watershed restoration.
265

266 Commissioner Doth expressed support for the concept and commented on the costs
267 associated with the Little Bear Fire including the ongoing damage to the watershed and
268 area roads. Chair Powell stated support for the concept and suggested utilizing revenue
269 such as the Business Retention Tax for this type of project. Commissioner Stone
270 expressed concern about the effectiveness of any investment without the ability to
271 perform work on federal and state lands.
272

273 Dr. Racher stated by pledging funding over a period of years the County could better
274 compete for federal and state projects requiring matching funds. Dr. Racher also
275 discussed potential benefits to agriculture water users and noted despite disagreements
276 about water use there was general agreement the watershed was not functioning
277 properly.

278
279 Chair Powell noted the cost of cleaning debris from the Little Bear fire from Alto Lake
280 one time was \$600,000 and suggested an equivalent investment to protect the
281 watershed was appropriate. Commissioner Doth expressed support for a Business
282 Retention GRT to provide funding for this project. Attorney Morel stated he would
283 research the appropriateness of using this type of tax to fund this type of project.
284 Commissioner Draper suggested a workshop to further explore the potential investment.
285 Dr. Racher stated he did not anticipate action by the Board of Commissioners today but
286 expressed a desire for further robust discussion.

287
288 Ranger Warnack commented on the use of public funds and the need to ensure any
289 treatments were done in the areas most advantageous to the whole watershed. Ranger
290 Warnack reminded the Little Bear Fire burned across six watersheds and discussed the
291 appropriate management approach in those burn areas to provide both fire protection
292 and protect the watershed for the future. Ranger Warnack supported the idea of a
293 workshop to develop a comprehensive approach.

294
295 There was a general consensus to have the County Manager and Dr. Racher coordinate
296 and schedule a workshop to further explore the proposal.

297
298 **6. Update from South Central Mountain RC&D Forrester, Rick Merrick**

299
300 Rick Merrick, Rural Forrester discussed the work of the Planning Commission as it
301 related to "Firewise" protection. Mr. Merrick volunteered to assist with pre-inspection of
302 properties to determine needs should the Ordinance be adopted.

303
304 Mr. Merrick discussed funding associated with cost share thinning programs and stated
305 there were numerous requests from private land owners for assistance and stated site
306 inspections were beginning.

307
308 Mr. Merrick discussed the Community Forrester Program as a collaborative effort by
309 multiple agencies and noted the Bureau of Land Management recently signed on as
310 cooperating agency.

311
312 Commissioner Stone questioned if the Community Forester Program had received financial
313 support from Otero County. Mr. Merrick confirmed Otero County budgeted \$40,000 towards the
314 CFP.

315
316 **17. Consideration and Approval of a Road Review Request to abandonment and**
317 **vacate of an unnamed, unbuilt 25 foot wide road in the Angus Town Site by**
318 **Frances P. McKinney**

319
320 Robert Barber, Chair of the Road Review Committee presented information regarding the
321 request to vacate a road easement established in the 1950's. Mr. Barber noted the applicant
322 Frances P. McKinney as well as David Robinson, an adjacent land owner, were present in the
323 audience.

324
325 Mr. Barber stated the easement in question was unused and an alternate route to the west of
326 each property was established. Mr. Barber stated the Road Review Committee met to review
327 the site and to listen to the concerns of the adjacent land owner, Mr. Robinson. Mr. Barber
328 stated the Road Review Committee saw no reason as to why the road could not be vacated and
329 believed the abandonment would not cause harm to other landowners. Mr. Barber stated the
330 Robinson's expressed concern about access to their property through the easement but noted
331 their property was accessible from a different road.
332

333 David Robinson, adjacent property owner objected to the vacation of the easement as restrictive
334 to their access to the back of their property. Mr. Robinson objected to the loss of prescribed
335 access and the potential loss of property value. Mr. Robinson discussed options to remove his
336 objection to the request for vacancy including a split of the vacated property to which the
337 applicant did not agree. Mr. Robinson requested the Board either deny or delay the request
338 based on use of the easement for greater than fifteen years.
339

340 Attorney Morel questioned how Mr. Robinson maintained access over an un-built road. Mr.
341 Robinson stated there was a visible meandering road on the easement.
342

343 Attorney Morel clarified Mr. Robinson's request was to deny the vacation based on belief the
344 access exists. Attorney Morel suggested, in view of the objection to the vacation based on a
345 claim of lawful access, no action be taken today to give the parties time to reach an agreement.
346

347 **Motion:** Table the item until the next Regular Meeting, **Action:** Approve, **Moved by**
348 **Commissioner Doth, Seconded by Commissioner Stone**
349 **Vote:** Motion carried by unanimous vote (**summary:** Yes = 5).
350 **Yes:** Chair Powell, Commissioner Minter, Commissioner Stone, Commissioner Doth,
351 Commissioner Draper.
352

353 **24. Appeal of Lincoln Historic Preservation Board Decision – Ronda and Randy**
354 **Dougherty**
355

356 Attorney Morel informed an application was submitted to the Lincoln Historic Preservation Board
357 by Ronda and Randy Dougherty to erect metal fence panels on their property within the District.
358 Attorney Morel stated the Historic Preservation Board subsequently denied the request and the
359 Dougherty's wished to appeal the decision to the Board of County Commissioners.
360

361 Attorney Morel stated after meeting with Mrs. Dougherty to discuss the appeal he wished to
362 propose a resolution to allow the metal fence panels to be erected with a requirement for the
363 panels to be painted brown and covered with latillas. Attorney Morel stated if this resolution
364 was approved by the Board of County Commissioners, the County would inform all landowners
365 in the Historic District of the decision and terms to ensure equal treatment.
366

367 Attorney Morel stated the options for action as defined in the related Ordinance were to reverse
368 the ruling of the Historic Preservation Board, uphold the decision of the Board, or to make any
369 change to any requirement, determination or decision of the Board.
370

371 Ronda Dougherty stated the green panels in question were utilized by several other residents in
372 the area for various purposes. Ms. Dougherty stated the property in questions had panels in
373 place when they moved there and expressed belief these were "grandfathered in". Ms.
374 Dougherty noted the State Department of Transportation had installed a large number of the

375 panels as gates throughout the Historic District. Ms. Dougherty stated agreement with the
376 terms of the proposed resolution and informed work had begun to cover the panels with latillas.
377

378 Elaine Allen, Secretary of the Historic Preservation Board stated the prior board allowed the use
379 of green "panels" for horse pens and acknowledged the State of New Mexico Department of
380 Transportation utilized similar panels for gates but stated the Board did not allow the use of
381 panels for long stretches of fencing. Ms. Allen stated the Historic Board requested individuals
382 utilize "t" posts and other fencing as per the Ordinance. Ms. Allen stated the Dougherty's did
383 not make application prior to constructing the fence and suggested the problem may have been
384 avoided by proper application and prior discussion. Ms. Allen expressed belief the suggested
385 remedies might be inadequate to preserve the historic nature of the community.
386

387 Commissioner Stone questioned the specific language and restrictions of the Ordinance. Curt
388 Temple, Planning Director explained metal panels were prohibited by the Ordinance but stated
389 the suggestion of utilizing brown panels was a compromise. Mr. Temple discussed the
390 "grandfathering in" of panels by other properties prior to enactment of the Ordinance but stated
391 there were two other current enforcement actions as a result of other property owner's utilizing
392 panels. Commissioner Stone suggested those purchasing property in the area should be
393 prepared to comply with the Ordinance.
394

395 Attorney Morel clarified the Ordinance lists acceptable and unacceptable types of fencing but
396 does not specifically address the use of metal panels for fencing. Attorney Morel stated if the
397 compromise of painting the panels brown and adding lattias was unacceptable the Board of
398 Commissioners could set a date and time for an administrative hearing.
399

400 **Motion:** Approve the placement of panels if painted brown and covered with lattias as outlined
401 by Attorney Morel with a requirement for completion within three months, **Action:** Approve,
402 **Moved by** Commissioner Doth, **Seconded by** Commissioner Minter.
403

404 Commissioner Stone questioned if the vote would set a precedent. Attorney Morel confirmed
405 any decision would set a precedent.
406

407 **Vote:** Motion carried by unanimous vote (**summary:** Yes = 5).

408 **Yes:** Chair Powell, Commissioner Doth, Commissioner Draper, Commissioner Minter,

417 1. Water Rights Notice:

418 There were no new water right notices posted to the State Engineer's website.
419

420 2. Water Rights Transfer Protests:

421 Ms. Taylor provided copy of letters received from the Office of the State Engineer which
422 identified the protestants to Transfer Applications: SD-1300-1; 1300-2; 1300-3; 826-2
423 into 9275-1 and H272 et al (t); and H-501 into 075-1 and H-272. Ms. Taylor noted the
424 State Engineer in both letters "highly recommended that the applicants attempt to

425 resolve the protestant's issues prior to the pre-hearing". Ms. Taylor discussed a request
426 submitted to the Office of the State Engineer for Chair Powell to be included in any
427 meetings with the Village of Ruidoso and for the County to receive copies of public
428 records. Ms. Taylor stated a response was received inviting the County to schedule an
429 appointment to view the public records. Ms. Taylor informed Chair Powel had initiated
430 educational meetings among the parties beginning with a field trip on June 25, 2014
431 attended by representatives for the NM Environmental Department, the Office of the
432 State Engineer, Representative Zach Cook and Manager Taylor. Ms. Taylor stated the
433 purpose of the meeting was to show the degree of impairment to the Rio Ruidoso
434 downstream in the Ruidoso and Hondo Valley.

435 Chair Powell discussed the lack of acknowledgement by the State Engineer's Office of the
436 protests lodged on transfers of water from 30 miles downstream. Chair Powell commented on
437 the inappropriateness of the State Engineer's defense in favor of actions by the Village of
438 Ruidoso rather than senior water right holders in the Hondo Valley. Chair Powell noted the
439 State of New Mexico was revising the sixteen different regional water plans at this time without
440 a lack of real public input along with a sense of disregard for agriculture. Chair Powell
441 suggested the transfer of large amounts of water from the Valley would eventually negatively
442 affect all economic development in the County.

443 There was a general consensus to seek an in person audience with Governor Martinez to
444 discuss the water issues.

445
446 **3. Community Meeting Addressing "Watersheds in the Sacramento Mountains":**

456 Ms. Taylor informed FEMA in partnership the NM Department of Homeland Security and
457 Emergency Management (NMHSEM) selected the Rio Hondo Watershed for the initial
458 step in the Risk MAP process called "Discovery". Ms. Taylor stated the goal of the

460 watershed, collect data to validate flood risk, identify and facilitate mitigation planning to
461 reduce flood risk.

637 Commissioner Minter questioned if the County would have to budget funding to complete each

722 County and other New Mexico counties to enter into a Memorandum of Understanding (MOU)

723 with the Colorado Rio Grande Cutthroat Trout County Coalition. Ms. Taylor stated the position
724 of the MOU and signatories was supportive of long term conservation of the species through
725 local and state control of land and species management rather than the "listing" of the Cutthroat
726 Trout by the US Fish and Wildlife Service. Ms. Taylor reminded of previous discussion of the
727 importance of support from neighboring counties and states when opposing the "listing" of a
728 particular species even if those counties or states were not immediately impacted by such a

776

777 Mr. Annala stated based on this first month's claims total he estimated an expenditure of only
778 \$49,000 for the fiscal year. Mr. Annala stated the decline in claims payment presented
779 additional opportunities to revise the Indigent Health Care Resolution to either increase provider
780 limits or increase payments for particular services. Mr. Annala stated he would be presenting
781 options to revise the Resolution in the near future.

b) Courthouse Expansion Project: The Manager reported the project was on time and on budget. Recent actions included:

- Work by Otero County Electric to install a new power feeder for the building including installation of a new pole and underground cable for the new transformer to serve the entire campus.
- Concrete work to continue completing steps and a pad for the power disconnect.
- Installation of railing on steps.
- Interior work to install ceiling grids and lay ceramic tile.

c) Physician's Office Building: The Manager presented copy of the letter submitted at the request of the Commission on behalf of the County to support the nomination of the Physician's Office Building for an award honoring the best construction projects and the companies that designed and built them.

3. Office Space Changes / Additional Requests for Space:

The County's Rural Addressing Department, under the direction of Curt Temple, relocated from the Courthouse Annex in Carrizozo to the Sub-station in Ruidoso. The Manager stated both the Public Defender's Office and the District Attorney's Office out of Alamogordo expressed an interest in utilization of the unused office space. The Manager suggested the County may have multiple uses for the space and also discussed the potential use of the recently purchased Title Company property in Carrizozo.

4. Wattles: The Manager received notification from New Mexico State University Seed Certification Department that the County's wattles were weed-free. The Manager furnished a copy of the Certificate of Inspection and Transit Inspection. The certification enables marketing the wattles to entities requiring the weed-free certification. The County has available approximately 1,100,000 linear feet of wattles. The Manager in consultation with Attorney Morel recommended a government to governmental agency transfer as the most appropriate venue to market wattles.

There was general consensus to direct the Manager to market and sell the wattles.

5. Lincoln County OES to Host MGT 383 Emergency Operations Plans for Rural Jurisdictions: *Emergency Operations Plans for Rural Jurisdictions* is an eight-hour, management and planning level, instructor-led course designed to provide emergency managers and rural first responders with the knowledge and skills to develop an emergency operations plan (EOP) for their respective jurisdictions. The course provides practical knowledge about the planning process, different types of EOP formats, and the components of each. Participants engage in scenarios designed to reinforce lessons learned, enable them to determine the best format for their particular jurisdictions, and to organize the various planning components into an EOP.

6. Update on Sole Community Provider Federal Compliance (Committee Substitute for SB268): Joint Hearing with Revenue Stabilization and Tax Committee and legislative Finance Committee: The Manager reported she and Scott Annala, Indigent Health Care Coordinator, attended the joint hearing of interim committees on the status of the new Safety Net Care Pool and the Expanded

869 Medicare Payments. The NM Human Services Department (HSD) has received
870 applications with detailed information regarding the amount of indigent care /
871 Medicaid / Medicare services provided by each hospital. HSD is now in the process
872 of determining the total level of payment derived from County, State and Federal
873 match contributions each hospital will receive. The Manager discussed the

893

894 c) **Planning** - Curt Temple, Planning Director reported on the move of the Rural
895 Addressing Department to the substation in Ruidoso. Mr. Temple stated the move
896 was beneficial in providing addressing in accordance with the MOU with the Village
897 of Ruidoso for permitting within the County.
898

899 Mr. Temple reported on the Joint Land Use Study Technical Committee to discuss
900 imposition of costs for the implementation of the JULS. Mr. Temple anticipated
901 implementation cost to Lincoln County to be approximately \$2500 which was equal
902 to the initial cost for development.
903

904 Mr. Temple informed the County flood plain maps were being re-delineated by the
905 contractor to correct problems with the recently adopted maps. Mr. Temple
906 explained the corrections would not necessarily affect identified flood plains but

923 from the Bonito Lake turn off back to Highway 48 flooded with the USFS responding

925 area.

932 **26. Consider Authorization to Pursue Affordable Housing Plan**
933

934 Ms. Taylor informed the plan was integral to economic development and explained SNMEDD
935 was mandated to develop such a plan every five years.
936

937 Commissioner Draper commented on the definition of Affordable Housing as "not being"
938 subsidized or low income housing but rather the availability of housing for current residents.
939 Commissioner Draper stated this was an opportunity to conduct a study of housing needs in the
940 County and also to help meet future grant award requirements. Commissioner Draper stated
941 there was verbal support from the Mayors of Capitan and Ruidoso Downs to contribute to the
942 Study costs. Commissioner Draper suggested the study was an opportunity to work in
943 partnership with all of the entities in the County to conduct an extensive study of housing needs
944 and incorporate those needs into other planning efforts including water use.
945

946 Chair Powell questioned the financial commitment requested from the County. Commissioner
947 Draper stated the maximum commitment from the County would be \$10,000 depending on the
948 level of participation of other entities.
949

950 Commissioner Minter suggested housing issues were best served by nongovernmental entities.
951 Commissioner Stone questioned how the study would help rural municipalities. Commissioner
952 Draper stated the study would identify the needs of each of those communities in a legitimate
953 manner. Commissioner Minter suggested getting a commitment from each of the municipalities
954 for financial support prior to a decision. Chair Powell questioned if the County could pledge a
955 specific amount contingent upon participation by other entities. Commissioner Stone objected
956 to the timing of the request and lack of opportunity to consider the issue.
957

958 **Motion:** Pursue the Affordable Housing Plan, **Action:** Approve, **Moved by** Commissioner

87 Ms. Taylor stated approval of all requests as presented would result in a deficit of - \$147,034 in
88 the required amount over reserve. Ms. Taylor requested the Commission consider this and
89 reduce or not approve some of the requests.

90
91 Al Santos, Administrator of Lincoln County Medical Center presented the budget request for the
92 hospital. Mr. Santos presented the request and expressed a desire to maintain a historical
93 balance in funding for uncompensated care of 47% to be offset by County funding utilized to
94 obtain matching Federal funding. Mr. Santos stated Presbyterian would absorb 53% of the
95 projected uncompensated care costs.

96
97 Mr. Santos provided a breakdown of anticipated revenues from mill levy revenues and the hospital
98 lease with total estimated revenues of \$4,100,000. Mr. Santos enumerated the expenses related

99 to LCMC's budget request as \$859,710 for Clinic/EMS operations, \$150,000 for LCAP, \$414,226
100 for the Safety Net Care Pool match, and \$1,375,500 for Hospital operations for a total estimated
101 expense of \$2,799,536. Mr. Santos maintained the full funding of his request would leave a
102 balance of \$1,300,564 for future capital outlay projects. Mr. Santos discussed at length the
103 change from Sole Community Provider program to the Safety Net Care Pool and expressed a
104 desire to maintain or increase the level of financial support from the County offsetting
105 uncompensated care costs.

106
107 Mr. Santos noted recommendations presented by the County Manager for a reduced amount of
108 funding pending actual reporting by LCMC of uncompensated care to the State of New Mexico.
109 Mr. Santos suggested a compromise by a current approval of six months of funding or ½ of the
110 requested \$2,799,536 to allow time for additional planning.

111
112 Chair Powell recessed the Public Hearing at 9:54:35 AM and reconvened at 10:09:53 AM.

113
114 Gary Mitchell, Chair of the Hospital Board commented on the County Manager's Analysis of the
115 budget request for LCMC. Mr. Mitchell stated for 35 years the Commission had adopted the
116 recommendations of the Hospital Board except for one year which resulted in a deficit for LCMC.
117 Mr. Mitchell stated should the full request not be funded, LCMC would incur a deficit for the second
118 year in a row which would result in a reduction of services or a layoff of employees. Mr. Mitchell
119 discussed the need to have an operational margin of at least 3%. Mr. Mitchell stated belief the
120 County should fund the full request not just a partial request. Mr. Mitchell reminded although the
121 voters approved a Mill Levy of 3.0, the County has never assessed the full amount.

122
123 Commissioner Minter questioned the definition and use of the term "margin" over expenses. Mr.
124 Santos stated based on the budget request presented there was an anticipated margin of 3.2%
125 or \$1.5 million. Mr. Santos stated any funds retained were utilized for facility equipment or
126 retained for future capital improvement projects.

127
128 Ms. Taylor discussed the prior approval of the clinic requests during the preliminary budget
129 process and reminded the initial hospital request of \$2,277,726 was tabled for further information.
130 Ms. Taylor discussed the State requirement for each County to contribute 1/12th or \$414,226 as
131 being a separate obligation but noted it was included in LCMC's current request. Ms. Taylor
132 stated based on information provided by Mr. Santos and the State of New Mexico, LCMC was
133 anticipated to receive \$2.3 million in Safety Net Care Pool funding and \$875,000 in a Medicaid
134 base rate increase.

135
136 Ms. Taylor pointed out LCMC had not requested operational funds in prior years and stated the
137 funding "options" she presented were designed around various amounts of operational expenses
138 with other requests being constant. Ms. Taylor noted on the analysis an associated anticipated
139 margin for each option ranging from -.30% to 3.2% for full funding. Ms. Taylor stated for budgeting
140 purposes the County historically relied on mill levy funding without inclusion of the lease payment.
141 Ms. Taylor stated if the anticipated Safety Net Care Pool funding and base rate increased funding
142 were added to any of the less than fully funded options, LCMC would still receive funding greater
143 than historically provided.

144
145 Ms. Taylor stated Federal and State Legislation provided rules for the appropriate funding of
146 uncompensated care under which the County would meet their obligation for those services by
147 pledging an amount equivalent to 1/12th GRT. Ms. Taylor informed Lincoln County was the only
148 County providing additional funding during the transition of the SCP program last year and stated
149 a poll of other counties indicated no other County planned to fund their hospital over and above

150 the State requirement. Ms. Taylor presented a separate request from the State for Lincoln County
151 to contribute \$193,503 in additional funding for SCP program disbursements for FY 2013-2014.
152 Ms. Taylor reminded the County approved \$1 million in additional funding for LCMC in FY 2013-
153 2014 to cover the gap in SCP funding and therefore did not recommend approval of this additional
154 payment.
155

156 Ms. Taylor agreed with Mr. Santos on the potential for a midyear budget adjustment based on
157 additional information about Safety Net Care Pool disbursements and other State funding at that
158 time. Mr. Santos agreed but requested approval of the full funding request rather than a reduced
159 amount at this time.

232 **7. Consideration/Direction on FY 16-20 Infrastructure Capital Improvement Plan (ICIP)**
233

234 Ms. Taylor provided a summary of proposed ICIP projects for consideration. Ms. Taylor stated
235 after projects were prioritized today, she would research estimated costs for completion of
236 various projects. Ms. Taylor reminded a capital outlay request for funding was more likely awarded
237 if a design plan was funded and completed prior to any request to the State Legislature.

238
239 Ms. Taylor reported an increased estimated cost for a new County Road Yard of approximately
240 \$1.3 million. Ms. Taylor discussed the inclusion of the New Horizons Center on the County's
241 ICIP plan as a recommendation by Hubert Quintana of SNMEDD. Ms. Taylor reminded the
242 County owned the building which housed New Horizons.

243
244 Chair Powell suggested the new Hondo Fire Station be prioritized and submitted as a single
245 request. Commissioner Stone reminded of the problem of insufficient space to house vehicles
246 at the White Oaks Fire Station. There was a general consensus to list the White Oaks Fire
247 Station as the second priority. Commissioner Doth reminded of the previous year's Capital Outlay
248 award of \$125,000 for the expansion of the Detention Center. Chair Powell suggested the award
249 be utilized for design of the expansion this fiscal year and the actual cost of expansion of the
250 Detention Center be prioritized as the top ICIP priority in the next fiscal year.

MEMORANDUM

TO: County Commissioners

FROM: Nita Taylor, Lincoln County Manager

SUBJECT: Monthly Smokey Bear District Ranger Report

Purpose: To provide an opportunity for the Smokey Bear District Ranger, David Warnack, to present a monthly report.

Discussion:

David Warnack will be present to update Commissioners and the public on activities in the District. His briefing is at Enclosure 1 for your review.

Recommendation: None – information only at this time.

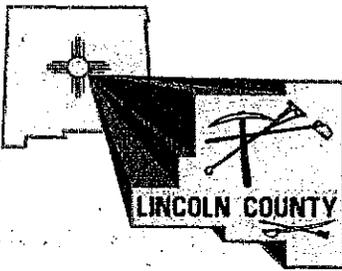

**Smokey Bear RD, Lincoln National Forest, Briefing Paper for
Lincoln County Commissioners Meeting
August, 2014**

Critical Updates

- Our ranger district recently worked with South Central Mountain RC&D and the Upper Hondo Soil and Water Conservation District, to write a grant proposal to perform stream channel work at the South Fork of Bonito Creek bridge. The proposal was submitted to the New Mexico Environment Department as part of the "River Stewardship Program." Adjacent projects also included work within Walt Smith Canyon, South Fork Campground and noxious weed treatments. Proposals were due on July 30th, and grant awards are anticipated by the end of August.
- Our ranger district completed approximately 1,200 acres of prescribed burning in July. We have attempted to continue burning in August, but conditions have been too wet to proceed. We will continue to monitor fuel moistures and will take advantage of optimum conditions when things dry out a bit.
- Forest Plan Revision – In October, the Lincoln National Forest will begin a process to revise our Forest Plan, which was first published in 1987. The National Forest Management Act (NFMA) of 1976 requires every national forest or grassland managed by the Forest Service to develop and maintain an effective Land Management Plan (also known as a Forest Plan).
 - The process for the development and revision of plans, along with the required content of plans, is outlined in planning regulations, often referred to as the planning rule (the 2012 Planning Rule is the current rule). Managers of individual forests and grasslands follow the direction of the planning rule to develop a land management plan specific to their unit.
 - I am looking forward to this project because the 1987 Forest Plan that we are currently working with is out of date and no longer addresses the needs of our ranger district and communities.
 - In the coming months, you will hear more about the Lincoln's approach to Forest Plan Revision, and how the Lincoln County Commission can be involved in the process.

FROM: Nita Taylor, Lincoln County Manager

Healthcare Policy Committee

Resolution on SB 268/Hospital Funding

WHEREAS, New Mexico counties care greatly about health care for their local citizens and value their local hospitals, particularly in rural areas; and

WHEREAS, counties have long played an integral role in providing health care services for their indigent residents; and

WHEREAS, for nearly 20 years counties have worked collaboratively with their local community hospitals in helping fund the Sole Community Provider program and in coordinating health care for their local citizens; and

WHEREAS, the Sole Community Provider program has now been replaced by the Safety Net Care Pool (SNCP), which provides funding for community hospitals for Medicaid base rate increases and uncompensated care for Medicaid patients; and

WHEREAS, the counties' role under the SNCP has been significantly diminished and their financial contribution to the SNCP no longer has any relationship to the funds disseminated by the Human Services Department (HSD) to the counties' respective community hospitals; and

WHEREAS, information provided by HSD regarding the SNCP has been confusing and often contradictory, and the distribution formula to community hospitals has been inequitable and difficult to ascertain; and

WHEREAS, finding a solution to funding the SNCP requires communication and cooperation among the various stakeholders—counties, hospitals, and the state, in both the legislative and executive branches; and

WHEREAS, the SNCP is part of the federal Medicaid program, and is therefore a state responsibility that should be fully funded by the state; and

WHEREAS, SB268, as passed by the legislature in 2014, required most counties to contribute the equivalent of a 1/12th % gross receipts tax (grt) increment to the SNCP, and was intended to be a three-year interim solution for funding that program; and

WHEREAS, the Governor's line item veto of the three-year limitation on county funding of SCNCP will result in unlimited long term county financial responsibility for the program that will ultimately cost the counties hundreds of millions of dollars; and

WHEREAS, that long term county financial responsibility was neither authorized nor intended by the legislature in SB 268.

NOW THEREFORE BE IT RESOLVED THAT the New Mexico Association of Counties supports legislation that would accomplish one or more of the following:

- 1) increase the state budget to fully fund the new SNCP and amend SB268 to remove counties' responsibility to fund the SNCP;
- 2) transfer the new county 1/12th grt to the state to fund the SNCP;
- 3) consolidate particular existing county local option grt increments that are in many cases unused and unusable, and de-earmark others;
- 4) ~~authorize a state hospital bed tax, the proceeds of which could be used to fund the SNCP, to be matched with federal funds;~~
- 5-4) to develop solutions that would remove the financing of hospitals from counties and place that responsibility with the state.

BE IT FURTHER RESOLVED THAT the New Mexico Association of Counties' Board of Directors authorizes the NMAC Healthcare Policy Committee to work collaboratively and in consultation with the NMAC Executive Committee to flesh out priority solutions with the Governor's office and Legislative leadership.

DESCRIBE EVENT BACKGROUND & RATIONALE: The Race Horse Hall of Fame/Hubbard Museum, a 501c3 organization, at Ruidoso Downs Racing Inc. is requesting Lodgers Tax funds from Lincoln County to promote the 24th Annual Lincoln County Cowboy Symposium on October 10, 11 & 12, 2014.

The Lincoln County Cowboy Symposium began as a dream of Ray Reed, local cowboy and musician, and was created to meet two very specific objectives. The first was to protect and honor the cultural heritage of the American Cowboy and the ranching way of life. The second objective was to improve tourism in Lincoln County during the shoulder season of October. Traditionally, Labor Day and the running of the All American Futurity signaled the end of the high season in the area. Ray approached R D Hubbard and R O Anderson who agreed that this was a worthwhile endeavor, and they sponsored the first event in October of 1990.

Twenty five years later, during the second full weekend in October, Ruidoso Downs Race Track will once again host the nation's finest cowboy & western swing musicians, horsemen, chuckwagon cooks, western artists and craftsmen for three days of events, demonstrations and outstanding cowboy programming for the entire family.

HOW WILL YOU ADVERTISE AND MARKET THE EVENT? The event will be advertised on the website, press releases and a large mailing of a "save the date" post card to previous ticket purchasers. Media includes magazine, newspaper, online, radio and TV. LCCS advertises in the Smokey Bear and Lincoln Days programs. Lincoln County will be acknowledged on all print media through the use of its logo. There will also be an acknowledgment in the printed program. NAME OF EVENT: **TRUE ENCHANTMENT TOURISM BOARD** DATE(S) OF EVENT: **3/1/14 to 2/28/15**

NAME OF ORGANIZATION(S) APPLYING FOR FUNDING: Carrizozo Chamber of Commerce, 501 (c) 6 _____

AMOUNT REQUESTED: \$ 10,000.00

DESCRIBE EVENT BACKGROUND & RATIONALE:

While total tourism revenues are growing in New Mexico, tourism in Lincoln County has been declining since 2007 and businesses, communities, and vitality have suffered. **True Enchantment Tourism Bureau (TETB)** focuses on promoting tourism in communities from Tularosa to Corona and Carrizozo to Hondo, using website, e-marketing, consolidated events calendar, flyers, print advertisement, and radio outside a 60 mile radius to attract new tourism. To date, numerous nonprofits (7) and businesses (13) have already subscribed in this worthwhile effort to promote business, taxes, and jobs. The NM Cooperative Marketing Grant to TETB also provides matching funds for approved marketing in the amount of \$1 for every \$2 spent; approved cooperative marketing occurs under the **New Mexico True** brands and formats. (see attached)

The fact of the matter is that tourism has been down in Lincoln County since 2007 with no end in sight. Surrounding states of CO, AZ, UT, and TX spend 1.5X to 6X more in tourism marketing than NM, they capture 2X more transient tourism than NM, and they convert 3X more first time tourists to repeat tourists than NM. NM is 36th priority as a US tourist destination. Businesses and towns are ineffective marketing on their own, even with a wealth of tourism opportunity. Something has to be done now, and it cannot be done alone.

We think it only appropriate that **Lincoln County participate in this worthwhile effort to promote business, taxes, and jobs.**

HOW WILL YOU ADVERTISE AND MARKET THE EVENT?

Website, e-marketing, consolidated events calendar, flyers, print advertisement, and radio outside a 60 mile radius to attract new tourism in categories like history, outdoor adventure, music, art, and events unique. Our target markets are New Mexico outside 60 miles radius, Texas, and possibly Tucson in year one, and expanding from there in subsequent years. We will be using standardized and branded marketing pre-approved by NM Tourism Department and following grant procedures. (see attached)

HOW WILL ATTENDANCE AND ORIGIN BE MEASURED?

Lodgers Tax, Website metrics, # Info Requests, # Transactions, \$s/transaction, customers/month, #attendees, and other individualized metrics appropriate to restaurants, motels, services, events in accordance with NM Tourism Department, grant, and reporting procedures.

ORGANIZATION: **TRUE ENCHANTMENT TOURISM BOARD**, a project of Carrizozo Chamber of Commerce, 501 (c) 6, who serves as the TETB fiscal agent. TETB is composed of subscribing Members and Partners (20) in communities from Tularosa to Corona and Carrizozo to Hondo.

REQUEST PERIOD: **5/1/14 to 4/30/15**

AMOUNT REQUESTED: **\$10,000.00**

BACKGROUND

While total tourism revenues are growing in New Mexico, tourism in Lincoln County has been declining since 2007 and businesses, communities, and vitality have suffered. **True Enchantment Tourism Board (TETB)** focuses on promoting tourism in communities from Tularosa to Corona and Carrizozo to Hondo, using website, e-marketing, consolidated events calendar, flyers, print advertisement, and radio outside a 60 mile radius to attract new tourism. In line with best practices, TETB has already attended NM Cooperative Marketing Grant and NM True training, secured tourism marketing advisory services, and contacted potential service providers. To date, numerous nonprofits (8) and businesses (12) in 12 communities, representing 7000 persons, have subscribed to this worthwhile effort to promote business and jobs.

The NM Cooperative Marketing Grant (NM Tourism Department program over 8 years old) to TETB provides matching funds for approved marketing in the amount of \$1 for every \$2 spent; approved cooperative marketing occurs under the **New Mexico True** brands and formats. TETB will probably be the only NM Cooperative Marketing Grant entity in the coming 2014/2015 fiscal year in Lincoln County, NM.

In conclusion, the fact of the matter is that tourism has been down in Lincoln County since 2007 with no end in sight. Surrounding states of CO, AZ, UT, and TX spend 1.5X to 6X more in tourism marketing than NM, they capture 2X more transient tourism than NM, and they convert 3X more first time tourists to repeat tourists than NM. NM is 36th priority as a US tourist destination. Businesses and towns are ineffective marketing on their own, even with a wealth of tourism opportunity. Something has to be done now, and it cannot be done alone.

When Lincoln County Lodger's Tax funds participate in TETB, every dollar is effectively spent, every dollar generates \$1.50 in tourism marketing impact, and every dollar is mobilized to grow future Lodger's Tax.

Participation promotes business, taxes, and jobs.

ADVERTISING AND MARKETING

The TETB target markets are:

1. **History Engagement & Exploration** – for example, Buffalo Soldiers, Apache Wars, Lincoln County War, Mining, Railroading, and such.
2. **Personal Active Adventure** – for example, motocross, auto racing, youth camps, camping, hiking, geo caching, hunting, motorcycling, 4 wheeling, wildlife observation, photography, horse back riding
3. **Cultural Engagement** – for example, art, music, wineries, events, classes, galleries, tours, entertainment, nuts, fruit, restaurants, antiques, and shopping

These are individuals 35 to 75, with/without children, with incomes of \$75,000 or more, some of whom look for cultural engagement and others for active adventure. At one end of the spectrum it targets families and persons of modest resources and limited time, while at the other end, it targets a leisurely group of more considerable income and free time. Military on vacation and R&R is a sub-segment of interest. Our immediate target geographies are NM outside 60 miles of Hondo, Tularosa, and Carrizozo and all of Texas.

Website, e-marketing, consolidated events calendar, flyers, print advertisement, and radio to attract new tourism is our focus. About 40% of the media budget will be spent inside Lincoln County; about 95% of marketing will be delivered outside Lincoln County. We will be using standardized and branded marketing pre-approved by NM Tourism Department and following grant procedures. Approximate budgets are:

<u>Category</u>	<u>%/\$ Budget*</u>
Website	28%
eMarketing	10%
Print	54%
Radio	6%
Other	2%
Total Mktg Spend	\$40,000*
In Kind Donations	\$50,000

*4/9/14 forecast

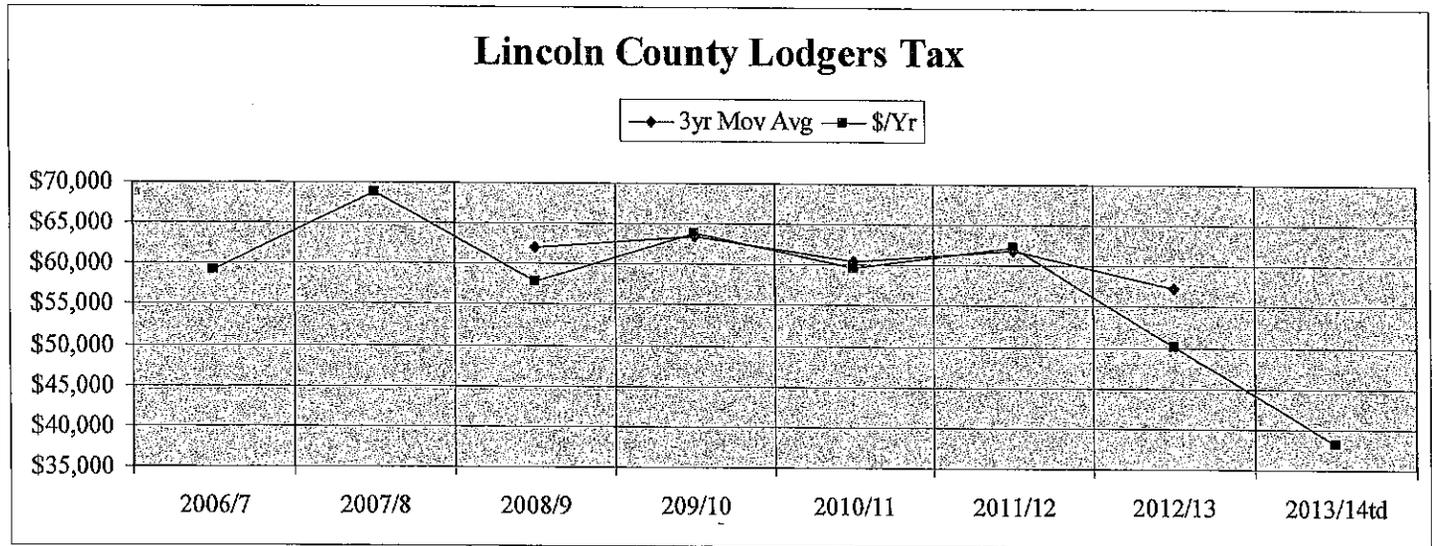

Funding sources are \$10,000 to \$15,000 from NM Cooperative Marketing Grant; \$17,000 and growing from TETB subscribers; \$10,000 proposed to Lincoln County Lodger's Tax, and \$50,000 In Kind Volunteer Services

Our goals for the period are:

- Establish a healthy marketing presence in NM and TX target market segments
- Increase attendance among TETB participants in 2014/15
- Grow the TETB participants for the next 2015/16 fiscal year

Results will be measured by Lodgers Tax, Website metrics, # Info Requests, # Transactions, \$/transaction, customers/month, #attendees, and other individualized metrics appropriate to restaurants, motels, services, events in accordance with NM Tourism Department, grant, and reporting procedures.

Tourism Marketing Metrics

- ### Marketing & Sales Principles
- Hope Is Not A Strategy!
 - There is no Status Quo In Business, only Decline, or Progress
 - Only 3% of the Population are Natural Born Salespersons
 - Marketing expenses should be 2.5 to 8% of gross sales
 - \$12,500 to \$40,000 sales -> \$1000
 - It takes 7 to 8 touches to become front of a prospect's mind
 - Repeat Customers are 7 times more profitable than new customers. New Customers are 7x more expensive to secure.
 - Rewarded Customers spend twice as much; what are you doing?
 - Loyalty programs bring customers back and make them your advocate
 - If you have Ineffective/unmotivated employees, they can cost your business (\$17,000/year). Don't waste your marketing!

This letter is to authorize the Bonito Fire District to transfer their older Tanker 130 to the Ojo Sarco Fire District in Rio Arriba County. The Ojo Sarco Fire District has requested that this tanker be transferred to Rio Arriba County and Their Fire District as their only tanker has become unserviceable and is in need of replacement. They are unable to obtain a new vehicle through normal means, which has forced them to look to other agencies for assistance.

Chief Carl Bartley, and the membership of the Bonito Fire District have voted to transfer this apparatus from the Bonito Fire District in Lincoln County, to the Ojo Sarco Fire District in Rio Arriba County. The apparatus in question is as follows,

1991 Chevrolet Tanker 1,800 Gallon Water Tank VIN #:1GBP7HIJ7MJ100486 NM LIC #: G-12460

Please ensure that all procedures as set forth by the NM Department of Finance and Administration, and procedures as established by your local government are followed to complete this transfer.

I would like to thank you, Chief Carl Bartley and the Staff at Lincoln County for providing assistance to this fire district. This apparatus will help them be better prepared to respond to emergencies in their district, and also help in improvement of their ISO Rating. If I may be of further assistance, please feel free to contact me at (505) 470-1997.

AGENDA ITEM NO. 18

August 13, 2014

MEMORANDUM

TO: County Commissioners

FROM: Nita Taylor, Lincoln County Manager

SUBJECT: Bid Award for Emergency on Call Contractors

Purpose: To award bid 14-15-001

Discussion:

The County intends to contract with one or more Company(s) for the accomplishment of repair, alteration, modernization, rehabilitation, demolition and construction of structures, debris removal, flood control structures, roads, bridges or other public works projects that may be impacted during an emergency. The following bids at enclosure 1 were received and opened on Tuesday, August 12, 2014. Each contractor submitted a turnkey, per hour price based on FEMA codes for individual pieces of equipment; the rates are all inclusive, including transportation, permits, operator, fuel and maintenance. These hourly rates, to remain constant throughout the life of the contract, were analyzed and placed in a spreadsheet to determine the best price. Contractors placed under contract will be awarded work during an emergency by 1) verification of the equipment necessary to perform the job function was bid and 2) by lowest price. **See Encl.1** illustrating bid price only for each piece of equipment, and **See Encl.2** for complete spreadsheet with all required information.

Recommendation: I recommend you consider and approve the award of Bid 14-15-001 for Emergency on Call Contractors to Shawn Wilson Excavating, Bonnell Sand & Gravel, B & B Ready Mix, Robert Minnix, Mesa Verde, Renegade Construction & Sedona Contracting, Inc. plus gross receipts taxes for the term of one (1) year with an option to renew three (3) additional years upon agreement of both parties and under the same terms and conditions as the original contract.

Meeting Minutes
Lincoln County Road Review Committee

8 July 2014

Subject: To review Ms. Frances McKinney's application to abandon and vacate an unnamed, unbuilt 25 foot wide road easement in the Angus Townsite.

Attendees:

Robert Barber, Committee Chair
Brian White, Committee Member
James Russ, Committee Member
Curt Temple, County Planning Director
Alan Morel, County Attorney
Ms. Frances McKinney, Applicant
Gilbert Gonzales, Eagle Land Surveying
Steven Sandoval, Eagle Land Surveying
David Robinson, Representing William Robinson (Land Owner)

Discussion: On 8 July, attendees meet on finalizing discussions on the subject application.

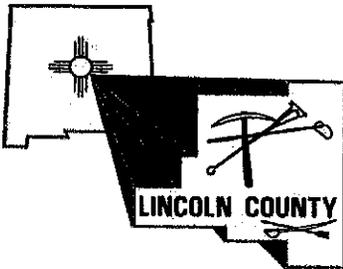

While inspecting the subject easement and discussing possible outcomes of the committee's recommendations on 16 June, the Robinsons expressed concerns about their access to the east side of their lot. The Robinson's have been crossing Ms. McKinney's property and using the road easement in question to park recreational vehicles. They also maintain a water storage tank on the easement. Mr. Robinson was asked to submit his objections in writing by 24 Jun so the committee could review them before the 15 July Commission meeting. A copy was received on 8 July and is attached.

After careful consideration of all the facts and Mr. Robinson's objections, the committee recommends the application in its present form be approved. The committee's recommendation does not prevent the Mr. Robinsons from using the property. It should be noted, that Mr. Robinson and Ms. McKinney have agreed to work together to resolve their differences. This could result in the current application being revised and Mr. Robinson submitting another application to reflect changes in how the vacated easement is divided.

AGENDA NO. 21

MEMORANDUM

TO: County Commissioners

FROM: Nita Taylor, Lincoln County Manager

SUBJECT: Revision of Indigent Health Care Limits

Purpose: To consider a resolution to add new limits to Indigent Healthcare payments for Lincoln County indigent residents and providers.

Discussion:

To compensate for low enrollment numbers and claims, the Indigent Healthcare Administrator has proposed to increase certain policy limits to its current Resolution 2013-14, see enclosure 1.

Last fiscal year 2013-2014, the Indigent program expended \$205,228 on indigent claims in total. \$205,228 is 52% of \$393,278, which was the indigent claims budget.

Looking back last year on what was spent on the Presbyterian Ambulance Service (ground ambulance), the indigent program expended \$22,099. Under the proposed increase policy limit, there could have been an additional \$27,982 paid out, totaling \$50,081.

The air ambulance category currently has a \$1000 policy limit per year. The indigent program paid \$2975 to the providers last year. The proposed increase, if used last year, would have had an additional \$5,000 in payments.

The indigent program is contracted with six out-of-county hospitals. Four of the six contracted hospitals sent claims to the indigent program. Eastern New Mexico Medical Center, Gerald Champion Regional Medical Center, Presbyterian Hospital in Albuquerque and University of New Mexico Hospital received a combined total of \$118,620, from the indigent program. Looking at the claims denied from these facilities, for the reason of capitation, and it was determined that an additional \$85,000 could have been paid out.

The physician category has had only one provider that has had claims denied due to capitation. It was found that the New Mexico Oncology and Hematology could have received an additional \$10,000, if the proposed increase was used last year.

In summary, if the proposed increase in policy limits were used last year, the indigent program would have paid out \$333,210 on indigent claims.

Recommendation: Approve resolution 2014-13 for the new fiscal year 2014-2015.

NOW THEREFORE, IT IS MUTUALLY AGREED BETWEEN THE PARTIES THAT THE REGULATION OF RESIDENTIAL AND COMMERCIAL GENERAL CONSTRUCTION LOCATED WITHIN THE GEOGRAPHICAL BOUNDARIES OF THE COUNTY AND WITHIN THE GEOGRAPHICAL BOUNDARIES SET FORTH

ON EXHIBIT "A", WHICH ARE NOT OWNED BY THE STATE OF NEW MEXICO, OR RUIDOSO SHALL BE ACCOMPLISHED AS FOLLOWS:

1. **AUTHORIZATION AND SCOPE.** Ruidoso is hereby granted the authority to regulate residential and commercial construction located within the geographical boundaries of the County in the geographical boundaries set forth on Exhibit "A" as they currently exist or may be modified in the future by agreement of the parties, which are not owned by the State of New Mexico, subject to the terms and conditions set forth herein. Ruidoso will issue, monitor and maintain documents for all construction permits and provide inspection services for said permits. Ruidoso will also provide Building Code Enforcement services subject to the terms and conditions of this Agreement within the constraints of applicable law.
2. **PREREQUISITES.**
 - a. Ruidoso shall, at all times relevant to this Agreement, maintain a permitting and inspection program and shall employ full time plan review personnel and electrical, mechanical, plumbing and general construction inspectors who are certified by the International Code Council and the State of New Mexico throughout the term of this Agreement.
 - b. If Ruidoso fails to maintain a permitting and inspection program, or if it fails to replace within four (4) months or one hundred twenty (120) days and employ the requisite inspectors as set forth in this agreement, the County may terminate this agreement by providing and delivering written notice to Ruidoso of termination at least four (4) months or one hundred twenty (120) days prior to the effective date of termination and take such action as is necessary to provide for these services in house or through an agreement with the State of New Mexico.
3. **BUILDING STANDARDS.** The building standards applied by Ruidoso shall be, at the least, the minimum State standards, as required by NMSA, 1978, § 3-17-6 A.
4. **VIOLATION ENFORCEMENT AND MONITORING.** Ruidoso will assist the State with enforcement and provide monitoring of Building Ordinance violations consistent with State Law.
5. **TERM.** The **initial** term of this agreement shall be for a period of ~~six months~~ **one year**, from the date of its execution by the last party signing. During that ~~trial~~ period the parties shall regularly communicate concerning the performance of the services contemplated herein and shall jointly monitor permitting fees, inspection performance time frames, and any other issues or performance standards contained on Exhibit "B" which is attached hereto and is incorporated herein by reference. Thereafter, in the event the parties determine to continue with this

agreement it shall continue until terminated pursuant to the terms hereof or by operation of law.

6. **TERMINATION.** This Agreement may be terminated by either party upon delivery of written notice to the other at least four (4) months or one hundred twenty (120) days prior to the effective date of termination. By such termination, neither party may nullify or void any obligation required to have been performed prior to the effective date of termination.
7. **SUBCONTRACTING AND ASSIGNMENT.** Ruidoso may not subcontract any portion of the services to be performed by it pursuant to this Agreement, assign this Agreement, or obligate itself in any manner to any third party with respect to any rights or responsibilities under this Agreement, without prior written consent of the County.
8. **RECEIPTS AND DISBURSEMENTS.** Ruidoso shall account for receipts and disbursements relating hereto and shall make all relevant financial records available to the County upon request, and shall maintain all related records in accordance with state records retention policies after this Agreement has expired or has been terminated.
9. **AMENDMENT.** This Agreement may not be altered, changed, or amended except by instrument in writing executed by the parties hereto and approved by the Secretary of the New Mexico Department of Finance and Administration.
10. **WAIVER.** No waiver of any breach or term or condition of this Agreement shall constitute a waiver of any other term or condition of this Agreement, or a subsequent waiver of the same breach or term or condition. No waiver of any term or condition of this Agreement shall be valid or binding unless in writing and signed by the party alleged to have granted the waiver.
11. **GOVERNING LAW.** This agreement and the interpretation hereof shall be governed by the laws of the State of New Mexico pertaining to such agreements. The District Court of the Twelfth Judicial District within and for Lincoln County shall be the court of venue for resolution of any disputes that arise pursuant to this agreement.
12. **MERGER OF PRIOR AGREEMENTS.** This Agreement incorporates all of the conditions, agreements and understandings between the parties concerning the subject matter hereof, and all such conditions, agreements and understandings have been merged into this Agreement. No prior condition, agreement, or understanding, verbal or otherwise, of the parties or their agents shall be valid or enforceable unless embodied in this Agreement.
13. **HOLD HARMLESS.** Neither party shall be responsible for liability incurred as a result of the other party's acts or omissions in connection with this Agreement. Any liability incurred in connection with this Agreement is subject to the

immunities and limitations of the New Mexico Tort Claims Act. Nothing contained in this Agreement should be construed as a waiver of the protections afforded to local governments under the New Mexico Tort Claims Act.

14. **APPROPRIATIONS.** The terms of this Agreement are contingent upon sufficient appropriations and authorization being made by the Village Council for the performance of this Agreement.

15. **ANALYSIS AND REPORTING OF FEES COLLECTED.** ~~For a period of six months from the date of signing of this Agreement,~~ The parties agree that the Village of Ruidoso shall provide a report to the County of Lincoln at a minimum of a quarterly basis which will identify the building permits issued, the fees charged, a cost comparison of fees charged with the cost of providing said services, and the location of the services rendered: i.e. within the municipal limits of the Village of Ruidoso or in the County. Once the data identified herein has been collected for a period of not less than six months, the parties will utilize the data to determine whether or not a portion of the fees collected by the Village of Ruidoso should be paid over to the County of Lincoln.

IN WITNESS WHEREOF, the parties have herein below set their respective hands.
