Section 5. Critical fire weather conditions.

- A. **Severe fire hazard restriction.** The County Manager or Emergency Services Director/Coordinator may declare that critical fire weather conditions exist which are favorable to the ignition and rapid spread of uncontrolled fire. Upon such determination, the County Manager or Emergency Services Director/Coordinator may impose a temporary restriction on all open burning, permitted or otherwise, except as set forth in Section 4D, (2) through (6), until such time as the critical fire weather has abated and the fire hazard reduced.

- B. **Fire danger emergency.** The Board of County Commissioners, upon recommendation of the County Manager or Emergency Services Director/Coordinator, may, during declared periods of extreme drought, ongoing critical fire weather, or any combination of conditions that pose a significant and continuing risk of uncontrolled fire, declare a fire danger emergency and prohibit all open fires within the county, except as set forth in Section 4D, (2) through (6) and unless a burn permit has been issued by the County of Lincoln. In addition, smoking, except within an enclosed vehicle, camp trailer, building, developed recreation site or while stopped in an area at least ten (10) feet in diameter that is barren or cleared to mineral soil, and the discharging or use of tracer ammunition or other incendiary device, and the cutting, welding or grinding of metal in areas of dry vegetation are all prohibited activities during a Fire Danger Emergency. The Emergency Services Director/Coordinator or any authorized peace officer shall enforce the prohibition during the period in which the declaration is in effect. Upon determination that the fire danger has abated, the Board of County Commissioners shall lift the prohibition.
- C. **Authority to mitigate.** When critical fire weather conditions exist and any fire is sighted, the County Manager, Emergency Services Director/Coordinator, County Fire Departments, or any authorized peace officer may enter upon private land without a warrant for the sole purpose of determining whether a fire emergency exists. If, in the determination of the County Manager, Emergency Services Director/Coordinator, County Fire Department Chief or authorized peace officer, that conditions observed upon private land pose a real and present risk of uncontrolled fire, appropriate action may be taken to extinguish, suppress, or otherwise mitigate the immediate risk. A reasonable attempt to contact the home or property owner will be made, unless the health, safety, and welfare of the citizens of Lincoln County may be compromised. If the responsible party of the private land upon which fire is sighted threatens, harasses, denies entry or refuses to comply with an Emergency services director/coordinator, a citation may be issued by an authorized peace officer.

Section 6. Enforcement.

For the purpose of enforcing this Ordinance and all Orders of the Board of County Commissioners of the County of Lincoln and the laws of the State of New Mexico pertaining to the prevention of fires and protection of the unincorporated area of the county from fire, the Lincoln County Sheriff and his duly authorized agents shall be the chief enforcement officers of this Ordinance. When critical fire weather conditions exist, the County Manager, Emergency Services Director/Coordinator, County Fire Department Chief, or in the absence of the County Fire Department Chief, the Chief's designee, or any authorized peace officer may order an individual to cease and desist. Failure to comply with a directive to cease and desist when a severe fire hazard or fire danger emergency has been declared shall constitute a distinct hazard to life or property and a citation may be issued by an authorized peace officer.
