PART 1 GENERAL INFORMATION

GENERAL INFORMATION/PROJECT DESCRIPTION

The County of Lincoln is issuing a Request for Proposal for the operation of a 144 maximum bed Adult Detention Facility within the town limits of Carrizozo, New Mexico and immediately adjacent to the municipal airport. The County inmates generally comprise a population of about 85 with the remaining beds generally used for revenue generation to offset costs. The successful proposer will have a reputation for outstanding detention center administration, innovative cost reduction strategies, success in managing other facilities, ability to incorporate current detention center employees in the proposal, and in the final analysis, to operate the facility in a safe manner at a reduced cost to the County.

Total annual budget for the center is estimated to be \$3,754,800 for FY 19-20 which includes a \$270,200 annual bond payment for the facility which was built in 2000; a current management contract of \$3,300,000 which includes internal staffing and operations; and the County maintenance and utilities of the facility and care of prisoner costs of \$309,000. The County and the current contractor have arranged a contract with the US Marshal Service, the Bureau of Indian Affairs and County municipalities for the housing of revenue generating inmates.

The contract is subject to the approval of the New Mexico Department of Finance and Administration.

PART 2 GENERAL SCOPE OF WORK

The Adult Detention Center operational proposal shall include, but is not limited to:

1. An annual cost of operations to the County and sources of other funding to include contracting beds.
2. A transition plan to include the proposer assuming operations at the current facility as of July 1, 2019.
3. A plan which may incorporate accepting currently serving contract employees into the proposer's company.
4. An explanation of beneficial programs for inmates.

Scope of Service - Facility & Systems Maintenance

All replacement and maintenance of furnishing, fixtures, and installed equipment (FF&E) currently installed or located in the detention facility will be maintained at County's expense. In the proposal, perspective contractors will propose any additional equipment

considered appropriate to operate the facility in a more cost effective and efficient manner. Contractors may recommend installation of any such items or systems as a County or Contractor provided item(s), and any estimated costs to the County will be clearly identified in the offering.

Contractor will, during the term of this Contract, have the sole and exclusive right, in its sole discretion and at its own expense, to install items of movable machinery and equipment in or upon the detention facility.

No FF&E will be removed by Contractor from the detention facility without the prior approval and consent of the County; with appropriate and adequate replacement thereof by the Contractor.

Pursuant to Contractor's obligations under Section 8 of Specifications, Contractor must manage and maintain the detention facility at its sole cost and expense; and in connection with all of Contractor's obligations pursuant to this Contract.

Nothing in this Contract will prevent Contractor from purchasing or leasing items to be installed pursuant to the specifications.

See General Terms and Conditions for more details.

Scope of Service - Supplies

Vendor must maintain adequate inventory of supplies in stock. The contract will include all costs associated with maintaining these supplies in stock and readily available at all times.

See Standard Terms and Conditions for details.

Other Requirements

Each Contractor must submit documentation to substantiate their ability to perform the required services. This includes, but is not limited to, the following:

1. Qualifications of and number of personnel directly employed by bidder to perform the services, including the identification of mandatory posts and the process to ensure staffing requirements are met.
2. Standards followed or Accreditations earned by Contractor. Liquidated Damages

The parties agree that the following specific liquidated damages are to be incorporated as adjustment to Contractor's compensation. Such liquidated damages will be dictated by response times, verified by the County. The parties further agree that liquidated damages are proper, due to the difficulty of ascertaining actual damages in the event of a described occurrence, and that the acceptance of liquidated damages by the County will not be an exclusive remedy and will not in any way be construed as a waiver of the right of the County to declare the contract in default and terminate the contract, or to pursue any other legal remedy.

Contractor will be provided notice of any breach or deficiency that will subject the contractor to liquidated damages prior to implementation and contractor will have thirty days after notice of any breach in terms or conditions to correct such breach prior to liquidated damages being assessed.

- A. As liquidated damages, and not as penalty, the Contractor agrees to pay the County as follows:

RECEIPT, OPENING AND RECORDING

Proposals received on time will be opened publicly or in the presence of one or more witnesses and the name of the Offeror and address read aloud.

The names of the businesses submitting proposals and the names of all businesses, if any, selected for interview shall be public information. After an award has been made, final ranking and evaluation scores for all proposals shall become public information. (13-1-120 NMSA 1978). The contents of any proposal shall not be disclosed so as to be available to competing Offerors during the negotiation process (13-1-116 NMSA 1978).

PROPOSAL EVALUATION

Proposals shall be evaluated on the basis of demonstrated competence and qualification for the type of service required, and shall be based on the evaluation factors set forth in this RFP. For the purposes of conducting discussions, proposals may initially be classified as:

- **Acceptable,**
- **Potentially acceptable,** that is, reasonably assured of being made acceptable, or
- **Unacceptable** (Offerors whose proposals are unacceptable shall be notified promptly).

The Contracting Agency shall have the right to waive technical irregularities in the form of the Proposal of the Offeror which do not alter the quality or quantity of the services (13-1-132 NMSA 1978).

If an Offeror who otherwise would have been awarded a contract is found not to be a responsible Offeror, a determination that the Offeror is not a responsible Offeror, setting forth the basis of the finding, shall be prepared by the Purchasing Agent/Procurement Manager. The unreasonable failure of the Offeror to promptly supply information in connection with an inquiry with respect to responsibility is grounds for a determination that the Offeror is not a responsible Offeror (13-1-133 NMSA 1978). Businesses which have not been selected shall be so notified in writing within twenty-one days after the award is made (13-1-120 NMSA 1978).

Selection Process: (13-1-120 NMSA 1978)

The evaluation of proposals will be performed by an evaluation committee composed of representatives selected by the Contracting Agency. The committee shall evaluate statements of qualifications and performance data submitted by all offerors in regard to the particular project and may conduct interviews with and may require public presentation by all businesses applying for selection regarding their qualifications, their approach to the project and their ability to finish the required services.

The selection committee may recommend termination of the selection process at its discretion.

NEGOTIATIONS (13-1-122 NMSA 1978)

The Contracting Agency's designee shall negotiate a contract with the highest qualified business for the services contemplated under this RFP at compensation determined in writing to be fair and reasonable. In making his decision, the designee shall take into account the estimated value of the services to be rendered and the scope, complexity, and professional nature of the services.

Should the designee be unable to negotiate a satisfactory contract with the business considered to be the most qualified at a price determined to be fair and reasonable, negotiations with that business shall be formally terminated. The designee shall then undertake negotiations with the second most qualified business. Failing accord with the second most qualified business, the designee shall formally terminate negotiations with that business.

The designee shall then undertake negotiations with the third most qualified business. Should the designee be unable to negotiate a contract with any of the businesses selected by the committee, additional businesses shall be ranked in order of their qualifications and the designee shall continue negotiations in accordance with this section until a contract is signed with a qualified business or the procurement process is terminated and a new request for proposals is initiated.

The Contracting Agency shall publicly announce the business selected for award.

NOTICE OF AWARD

After award by the local governing body, and approval by DFA, a written notice of award shall be issued by the Contracting Agency after review and approval of the Proposal and related documents by the Contracting Agency with reasonable promptness (13-1-100 and 13-1-108 NMSA 1978).
